

Overview of Studies

Battling Unbelief- A ten-week study by John Piper. The premise of the study is when we wage war against such sins as anxiety, pride, shame, lust, despondency, and more, we are really waging war against unbelief. Sin's power is broken when we have faith in God's future grace. There is a book to purchase and a free study guide to pick up for this study in the Briarwood bookstore. The book is not required but is well worth getting!

I & II Thessalonians: Living in the End Times—by John Stott. Christ has died. Christ has risen. Christ will come again. For centuries Christians have proclaimed these central truths. The gospel that began in space and time will ultimately be fulfilled at Christ's return. And as we wait for Christ, we find both encouragement from the gospel and a reason for hope. These studies in Paul's letters to the Thessalonians enlighten our minds, lift our hearts and cause us to worship the God of the gospel and of time. There is a study guide to purchase in the Briarwood bookstore.

"Therefore, brothers, since we have confidence to enter the holy places by the blood of Jesus, by the new and living way that he opened for us through the curtain, that is, through his flesh, and since we have a great priest over the house of God, let us draw near with a pure heart in full assurance of faith, with our hearts sprinkled clean from an evil conscience and our bodies washed with pure water. Let us hold fast the confession of our hope without wavering, for he who promised is faithful. And let us consider how to stir up one another to love and good works, not neglecting to meet together, as is the habit of some, but encouraging one another, and all the more as you see the Day drawing near." - Hebrews 10:19-25 ESY
